**Changing The World One Painting At A Time**

# WHO WE ARE

The first global platform **bringing artists, collectors, and investors together** to fund projects that *help those in need*.

ART Delivers disrupts the conventional business non-profit model by delivering a **proprietary software platform** designed to promote and sustain artists while delivering much needed aid to victims of disasters.

Art as an Asset Class is Trending!

# WHAT WE DO

Provide opportunities to collectors, investors and art enthusiasts to acquire ownership in high quality art delivering ROI and GOODWILL supporting disaster relief efforts.

In our day-to-day lives most of us give little thought to survival. Billions are affected 24/7/365 on all continents.

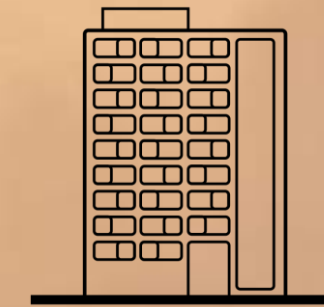

# THE PROBLEM

The number, scope, and cost of disasters is exponentially increasing. The funds available for disaster assistance from government and charitable sources is limited.

Available resources do not capture, approach or resolve the global need.

**BEHIND THE NUMBERS:**

**TOTAL COST DISASTERS:**  
**\$ 45 Billion (2019)**

**GLOBAL ART MARKET:**  
**\$ 67.1 Billion (2019)**

**TOTAL COST DISASTERS:**  
**\$ 2.3 Trillion (1980-2020)**

Note: In 2019 the volume of art transactions hit a decade-high of 40.5 million. Source; Art Basel & USB Global Art Market report 2020.

# THE SOLUTION

ART Delivers brings artists and investors together to create a highly fluid *art marketplace*, where all proceeds go to operations and ART expeditions to support those impacted by disasters.

Art > Investment > ROI > Disasters > Relief
